

BUSY BEE

MARCH NEWSLETTER

We are hoping to be marching into spring this month as we say good bye to winter!

We will be having fun with dinosaurs the first week of March! We will be looking at Dino tracks, bones and different types of dinos.

It's off to Ireland as we celebrate St. Patrick's Day. We hope to catch that tricky lucky the leprechaun and his gold! Don't forget to wear your green on Friday the 16th!

The last two weeks we will be hopping down the bunny trail as we get ready for Easter! We will be having a special Easter show on Friday the 23rd and hope we get a visit from the Easter Bunny!

We have started to work on rhyming words as we continue to work on shapes colors, name recognition and addresses. We have also been working hard on holding our crayons as well as using scissors. We are so proud of all the hard work the busy bees always do!
